

USER GUIDE FOR WEB-APP

WHY USE OUR APP?

+

•

Key Benefits

- No registration required
- Possibility to reserve the station
 - Simple view for users
- Clear and transparent process

○

THE START PAGE

Here you can see:

- On right upper corner you can find the Slots button.
- Slots count from 1 to 6 and their actual status in list view.
- For every slot you can see the cable type for vehicles.
- Input field for Name
- Field for time selection (charging end time)

The screenshot displays the 'EV Charging Q' interface for 'Azercell Office Yard'. It features a top navigation bar with the Azercell logo, the title 'EV Charging Q', the location 'Azercell Office Yard', and a 'Slots' button. Below this, four charging slots are listed:

- Slot 1 CN**: Status 'Free'. Includes a 'Name *' input field, a time selection field (clock icon), and a green 'Start Charging' button.
- Slot 2 EU**: Status 'Busy'. Includes a clock icon, 'Until: 10:30', a user icon, and 'Rauf'. It has a 'Reserve name' input field and a purple 'Reserve Slot' button.
- Slot 3 CN**: Status 'Free'. Includes a 'Name *' input field, a time selection field (clock icon), and a green 'Start Charging' button.
- Slot 4 US**: Status 'Busy'. Includes a clock icon and 'Until: 10:30'.
